In the world of geometry, there are only three dimensions to which the natural mind can relate. The most intelligent people in the secular world know nothing about, and cannot relate to, the fourth or fifth dimensional world. However, the Bible clearly shows us the fifth dimension. It is a lifestyle that is not natural – it is supernatural.

Key points:

- The fourth dimension is the realm of satan, but the fifth dimension is God's realm.
- Let God's unconditional love be your foundation.
- Jesus is full of compassion towards us.
- When we let love and compassion flow through us, we are operating in God's dimension.
- In the fifth dimension, we have and experience all that God has.
- The love of God is the power of God.
